BLV Golden Buzzer Award

The BLV Golden Buzzer Award is an extraordinary accolade presented by each individual judge during our Believe Experience Championships, starting in 2023. This coveted award holds immense significance as it recognizes performances that truly transcend traditional boundaries.

To receive the BLV Golden Buzzer Award, a routine must exhibit every aspect of a performance that has the ability to move a judge to leap to their feet in a thunderous standing ovation. This award symbolizes the highest form of recognition for a performance that goes above and beyond, transcending entertainment norms and leaving an everlasting impression. It serves as a testament to the exceptional talent and dedication of the recipient, as well as a reminder to all that the pursuit of such esteem can create moments of pure magic and wonder, becoming UnBLVable!

Congratulations to the following routines who have joined this exclusive club at Believe National Talent Competition. Your artistry is forever captured in this prestigious award, and is a testament to the legacy you will leave upon the dance community. Thank you for sharing this gift with the Believe Family!
